9 Additional Positive Cases

12/7/2020- Pacific County Health Department has received notice of 9 additional positive COVID 19 cases since our last release on 12/4/2020

This brings the total case count to 479, with 34 of those being actively monitored by public health nurses. Of the 479 total cases, 306 are confirmed meaning they had a PCR test, and 173 are considered probable because they were positive on a rapid test.

We continue to urge the public to practice personal protective measures including frequent handwashing, limiting social gatherings, and maintaining 6 feet physical distance and wearing a mask while around others.

If you are symptomatic, or have been identified as a close contact of a positive case, we encourage you to get tested. Testing options include: Willapa Harbor Hospital Mon-Thurs (12-2pm), Peninsula Pharmacy (by appt at www.covidtest360.com), or at one of the free testing events this week at the Long Beach County building on Wednesday at 12:00, or Raymond high school on Thursday at 12:00, or Friday at 9:00- no appt necessary.

All correspondence received by Pacific County may be subject to public disclosure under Chapter 42.56 RCW
