23 Additional Positive Cases

Pacific County Public Health has received notice of 23 additional COVID 19 cases since our last data release on 12/9 bringing our total case count since the beginning of the pandemic to 509. Of those 509 cases, 322 are confirmed meaning they tested positive on a PCR test, and 187 are probable meaning they tested positive on a rapid test. We are currently monitoring 47 active cases.

Pacific County's average case rate per 100,000 population over the past 14 days is 351. We will continue to release data 3 x per week on Mondays, Wednesdays, and Fridays.

We'd like to thank the public for continuing to practice personal protective measures including frequent handwashing, mask wearing, physical distancing, and limiting social gatherings to help stop the spread of COVID 19 in our community.

All correspondence received by Pacific County may be subject to public disclosure under Chapter 42.56 RCW
