Three Additional Positive COVID-19 Cases in Pacific County

Pacific County Health and Human Services received notice of three positive cases of COVID-19 in Pacific County. These cases are in addition to the 77 previously reported cases for a total of 80 cases. There are currently five active cases being monitored by public health nurses. All cases are confirmed.

The individuals are between 20-30 years old, 50-60 years old, and 60-70 years old.

One case resulted from travel, another case has been linked to a family gathering, and the last case was detected as a result of pre-procedure screening. All three cases are isolating at home. Case investigations and contact tracing are on-going.

Pacific County Health and Human Services strongly encourages the public to limit non-essential travel, maintain social distancing of at least six feet between persons, and practice personal protective measures to include: correctly wearing a mask/face covering in public, washing hands often with soapy water for at least 20 seconds, and avoid touching your face. For up to date information and guidance, please monitor the Pacific County Health and Human Services Facebook page or visit: www.pacificcountycovid19.com.

All correspondence received by Pacific County may be subject to public disclosure under Chapter 42.56 RCW
