Six Positive COVID-19 Cases Confirmed

Pacific County Health and Human Services received notice of six positive cases of COVID-19 in Pacific County. These positive cases are in addition to the 19 previously reported cases for a total of 25 cases. There are currently seven cases being monitored by public health nurses.

Of the six cases, three cases are a household, two cases are another household, and one case resulted after a family gathering. There are no known contacts between these groups at this time. Some of the individuals are symptomatic while others are asymptomatic, and all individuals are in isolation at home.

Pacific County Health and Human Services will continue to investigate these most recent cases and strongly encourages the public to limit non-essential travel, maintain social distancing of at least six feet between persons, and practice personal protective measures to include: correctly wearing a mask/face covering in public, washing hands often with soapy water for at least 20 seconds, and avoid touching your face. For up to date information and guidance, please monitor the Pacific County Health and Human Services Facebook page or visit: www.pacificcountycovid19.com.
