

# TIPS & TOOLS

## How to assist individuals with signing up for FREE or reduced cost cellular services

With increased demands on telehealth services, it is essential for individuals to have access to cellular services.

## Services Available

There are two government funded opportunities for individuals to obtain cellular phones and plans available in Pacific County: Safe Link & Lifeline. **The individual applying will need to provide a zip code with residential address, full legal name, date of birth, and last 4 of SSN. If they currently have a phone and phone number, those can be linked to this account.**

### TRY THESE TOOLS

- **Safe Link**
- **Lifeline**

## Safe Link

Safe Link is available in all of Pacific County. This service provides free and reduced cost cellular plans.

### RECOMMENDED TOOL

- **Apply**

1. Enter zip code of residential address or address being used and click START button
2. The following screens will require personal information, physical address, eligibility box requirements, verification, and device information.
3. Please ensure the individual verifies the information and receives a confirmation.

## Lifeline

Lifeline provides free phones and cellular plans to individuals living in Pacific County only with Long Beach, Seaview, Ilwaco, & Chinook zip codes. Service is extremely limited.

### LIMITED TOOL

- **Apply**

1. Enter zip code of residential address or address being used and click Enter key
2. Scroll down the page to click Enroll Now button
3. The following screens will have acknowledgements and verification requirements.
4. Please ensure the individual verifies the information and receives a confirmation.
