# Pacific County Monthly Update

## 5/6/2021

# Meeting Guidelines

- This will be a moderated forum. We ask that everyone participating be respectful and stay on topic. The moderator may select questions as time permits and in order to keep the discussion on topic and appropriate.
- This meeting is being recorded and will be posted on health dept social media and at [www.pacificcountycovid19.com](http://www.pacificcountycovid19.com)
- If you'd like to comment or ask a question, enter your comment in the comment box, or enter your name and you will be called on (as time permits).
- Please try to limit comments to 3 minutes or less.

# Agenda & Topics

1. Introductions & meeting guidelines
2. Local data update and definitions
3. COVID Variant Information
4. Vaccine updates
5. Healthy Washington- Roadmap to Recovery
6. Testing options
7. Resources
8. Question & Answer and Public Comment

# Pacific County Weekly COVID 19 Data

<b>Pacific County Case Data Summary</b>	<b>4/21/2021</b>	<b>4/28/2021</b>	<b>5/6/2021</b>
<b>Cases (Total)</b>	936	963	976
Active cases (currently monitored by Public Health)	52	26	22
New cases over last 14 days	74	64	31
<b>Hospitalizations (Total)</b>	33	36	38
New hospitalizations over last 7 days	1	3	2
<b>Deaths (Total)</b>	11	11	11
<b>Cases per 100k per 14 days</b>	342.0	295.7	143.3

Bay Center	98527	10
Chinook	98614	14
Ilwaco	98624	37
Long Beach	98631	90
Lebam	98554	Less than 5
Naselle	98638	49
Nahcotta	98637	Less than 5
Menlo	98561	Less than 5
Ocean Park	98640	59
Oysterville	98641	Less than 5
Seaview	98644	23
Raymond	98577	460
South Bend	98586	211
Tokeland	98590	Less than 5
Grayland	98547	9
Missing data		7

## Pacific County Cases by Zip Code

- Confirmed case count is specific to each zip code.
- Represents permanent residence of Pacific County COVID-19 cases.
- Not a representation of where COVID-19 exposure or transmission occurred.

*Updated 5/6/2021*

## Pacific County Average Case Rate (100k/population/14 days)

Updated 5/6/2021

# Pacific County Vaccine Data

<b>Pacific County Case Data Summary</b>	<b>4/17/2021</b>	<b>4/24/2021</b>	<b>5/3/2021</b>
<b>Doses given (cumulative total)</b>	17,084	17,644	18,804
<i>% of total population initiating vaccination</i>	39.24%	40.24%	41.40%
<i>% of total population fully vaccinated</i>	28.22%	29.61%	33.74%
<i>% of 16+ initiating vaccination</i>	-	-	48.63%
<i>% of 16+ fully vaccinated</i>	-	-	39.64%

*Updated 5/6/2021*

# Variants

- Modeling data show that B.1.1.7 (United Kingdom) has become the dominant strain in Washington.
  - It is more transmissible and likely poses an increased risk of severe illness.
- B.1.1.7 (UK), B.1.427 & B.1.429 (California), and P.1 (Brazil) have all been found in samples taken from positive cases in Pacific County
- Finding variants in our population does not change how we respond, but it does reinforce the need for everyone in Washington to be diligent in the four W's – wear a mask, wash your hands, watch your distance and get WA Notify.

## SARS-CoV-2 Lineages\* Circulating in Washington State

	Lineage	Percent total	Type
Top lineages	B.1.2	34.7	
	B.1.429	23.4	VOC
	B.1.1.7	6.7	VOC
	B.1.427	4.8	VOC
	B.1.1.519	4.0	
	B.1.596	3.7	
	B.1.232	3.1	
	B.1	2.0	
	B.1.243	1.7	
	B.1.587	1.6	
VOI / VOC not in top lineages	B.1.351	0.5	VOC
	P.1	0.5	VOC
	P.2	0.4	VOI
	B.1.525	0.2	VOI
	B.1.526	0.2	VOI
Other	Other	12.4	

**Above left:** The chart above shows the biweekly proportions of the most common SARS-CoV-2 lineages circulating in Washington grouped in two-week intervals. Proportions are calculated using data which are subject to change over time and will be updated as more data becomes available.

**Above right:** The table above lists the current VOIs and VOCs and the most common co-circulating SARS-CoV-2 lineages in the United States based on proportion. Percentages are based on samples collected between January 24, 2021 and March 20, 2021. The most recent data are subject to change as specimens from that period are still being processed. Samples targeted for sequencing due to clinical test characteristics suggestive of B.1.1.7 are excluded.

# You got this, Pacific County.

The **GOOD** news: we know what to do!  
More **GOOD** news: our cases are dropping!

1. Get a COVID-19 vaccine.
2. Wear a mask while at work and other public spaces.
3. Maintain at least six feet of physical distance.
4. Get tested and isolate if you have symptoms.

**Anyone 16 years and  
older is now eligible  
to receive the  
COVID-19 vaccine!**

**¡Cualquier persona  
de 16 años o más  
ahora es elegible  
para recibir la  
vacuna COVID-19!**

# Help us spread the word (not COVID)!

[www.pacificcountycovid19.com](http://www.pacificcountycovid19.com)  
or by calling 360-875-9407

*business card*

# Are COVID Vaccines Effective?

**Yes.**

- COVID-19 vaccines protect against COVID-19 infection – both with and without symptoms.
- In one study, regular testing of health care workers, first responders and other essential frontline workers showed the Pfizer and Moderna vaccines were 90% effective against COVID-19 infections, regardless of symptom status.
- Another US study showed 80% reduction in asymptomatic infection among those who had been vaccinated with Pfizer or Moderna, and an Israeli study showed a 94% reduction in asymptomatic infection with the Pfizer vaccine.
- The data shows us vaccines are very good at preventing COVID-19 illness, but they're not 100% perfect – no vaccine is. That is why people who are fully vaccinated still need to wear face coverings in certain settings (like bigger gatherings).

# Choosing Safer Activities

	Unvaccinated People	Your Activity	Fully Vaccinated People
		Outdoor	
Safest		Walk, run, roll, or bike outdoors with members of your household	
		Attend a small, outdoor gathering with fully vaccinated family and friends	
		Attend a small, outdoor gathering with fully vaccinated and unvaccinated people	
Less Safe		Dine at an outdoor restaurant with friends from multiple households	
		Attend a crowded, outdoor event, like a live performance, parade, or sports event	
Least Safe		Indoor	
		Visit a barber or hair salon	
		Go to an uncrowded, indoor shopping center or museum	
		Ride public transport with limited occupancy	
		Attend a small, indoor gathering of fully vaccinated and unvaccinated people from multiple households	
Least Safe		Go to an indoor movie theater	
		Attend a full-capacity worship service	
		Sing in an indoor chorus	
		Eat at an indoor restaurant or bar	
		Participate in an indoor, high intensity exercise class	

## Get a COVID-19 vaccine

Prevention measures not needed

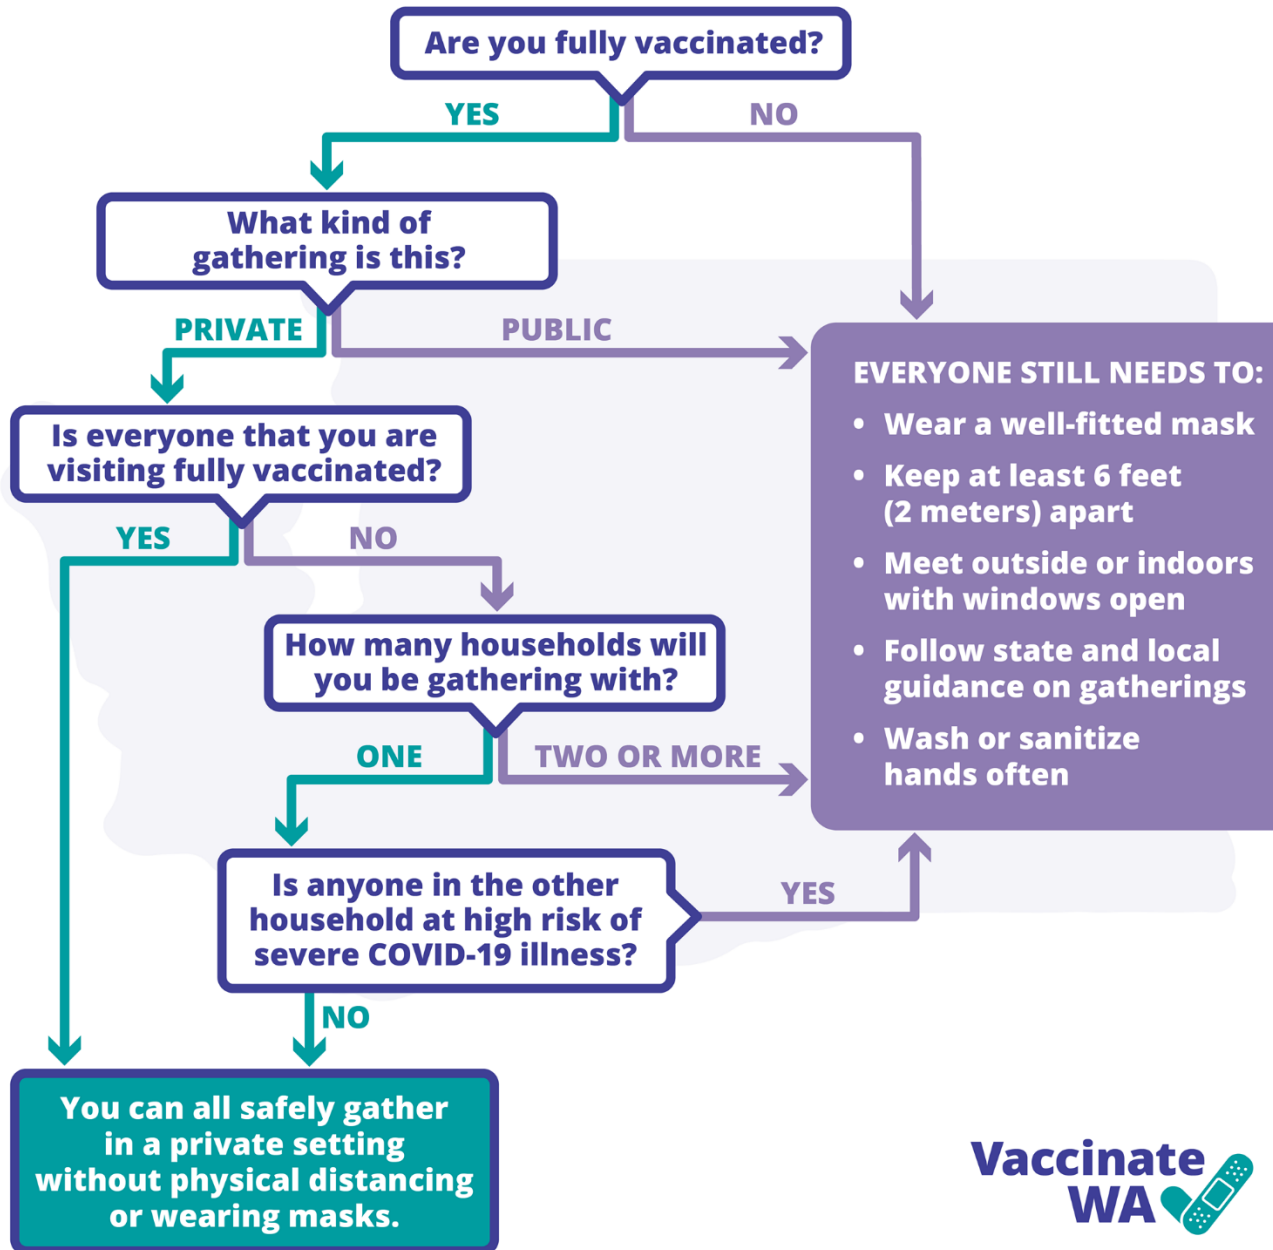

Take prevention measures

Fully vaccinated people: wear a mask  
Unvaccinated people: wear a mask, stay 6 feet apart, and wash your hands.

- Safety levels assume the recommended prevention measures are followed, both by the individual and the venue (if applicable).
- CDC cannot provide the specific risk level for every activity in every community. It is important to consider your own personal situation and the risk to you, your family, and your community before venturing out.

Fully vaccinated individuals can participate in outdoor activities and recreation without a mask, except in certain crowded settings and venues.

*People are considered fully vaccinated  $\geq 2$  weeks after they have received the second dose in a 2-dose series (Pfizer-BioNTech or Moderna), or  $\geq 2$  weeks after they have received a single-dose vaccine (Johnson and Johnson).*

# Local COVID Vaccine Clinics this Week

[www.tinyurl.com/PacCoClinics](http://www.tinyurl.com/PacCoClinics)

**Provider:** Raymond Pharmacy (Johnson & Johnson)

**Location:** Raymond Pharmacy (515 Commercial Street in Raymond)

**First dose:** May 6

**Second dose:** n/a

**Registration link:** Call (360) 942-2634

**Provider:** Ocean Beach Hospital & Medical Clinics (Pfizer)

**Location:** Ilwaco Timberland Library

**First dose:** May 6

**Second dose:** May 27

**Registration**

# Vaccines for adolescents and children

- **Update:** Pfizer expects FDA to soon approve vaccine for 12+.
- Currently Pfizer is the only COVID-19 vaccine authorized for people 16 years and older.
  - Moderna is authorized for people 18 years and older.
- Those age 16 or 17 will need consent from a parent or guardian to get the vaccine, unless they are legally emancipated.
- Moderna, Pfizer, and Johnson & Johnson are all currently running trials among teens age 12-17.

# YOUTH COVID VACCINE CLINIC

**WHEN**  
**Friday May 21st**

**9am-11:30am**  
**1pm-3:45pm**

**WHERE**  
**Wellness Center**

**Please email for an appointment for your child so we can get you the appropriate paperwork for their vaccines:**

**[ccoma@shoalwaterbay-nsn.gov](mailto:ccoma@shoalwaterbay-nsn.gov)**

**BRING YOUR CELL PHONE**  
V-Safe app will be installed for vaccine monitoring

**CALLING ALL  
16 & 17 YR OLDS!!!**

**WE NOW HAVE A VACCINE  
FOR YOU!**

- All Tribal members/  
Households
- Tribal employees children/  
households
- WBE employees children/  
households
- Chinook children/  
households
- Wellness center patients

**\*\*The Pfizer Vaccine is for  
16 & 17yrs olds and up.\*\***

# Homebound?

- Are you homebound, or know someone who is homebound, that would like a COVID 19 vaccine?
- We have teams available to come out to your home to provide your vaccine.
- Please complete this survey and a provider will reach out to you to get you scheduled for an appointment.  
<https://forms.gle/gNEDkFPCcqJCyMBL9>.
- So far, we have vaccinated 21 people who are homebound in north county and we are working with OAAA to schedule south county. We will also be working with churches to do outreach.

**YOU'VE GOT MAIL!**

**We are still sending weekly  
emails with vaccine updates.**

Remember to check your email,  
visit

## Guidance on Improving Indoor Air Quality

for building operators and business owners

**Strategies to reduce the risk of COVID-19 indoors**

# CORONAVIRUS DISEASE 2019 (COVID-19)

## International Travel

RECOMMENDATIONS AND REQUIREMENTS

Not Vaccinated

Fully Vaccinated

Get tested 1-3 days before traveling out of the US

Mandatory test required before flying to US

Get tested 3-5 days after travel

Self-quarantine after travel for 7 days with a negative test or 10 days without test

Self-monitor for symptoms

Wear a mask and take other precautions during travel

# Stay Connected

The Emergency Broadband Benefit Program -  
Helping people stay connected during the  
COVID-19 pandemic

- The Federal Communications Commission announced that on May 12, eligible households will be able to enroll through an approved provider or by visiting <https://getemergencybroadband.org>.
- The program will provide \$50 per month for broadband service (\$75 per month if households are on Tribal lands) and a one-time discount of up to \$100 for an internet-connected device.
- The program will run until it runs out of funds or 6 months after HHS declares an end to the COVID public health emergency, whichever is sooner.

## La clínica dental SmileMobile está llegando a...

la península de Long Beach  
24-27 de mayo de 2021

### Ubicación:

Parroquia de Santa María  
4700 Pacific Way - Seaview, WA

**Llame al 888-286-9105 para programar una cita dental.**

El equipo dental atenderá bebés, niños, adolescentes y mujeres embarazadas o puerperas con Apple Health o que no tengan seguro.

**Durante su cita, podemos realizar uno o más de los siguientes procedimientos:**

- Examen dental
- Educación sobre salud bucal
- Barniz de flúor
- Selladores
- Extracción simple
- Empaste temporal
- Radiografías

Debido a la COVID-19, no realizaremos limpiezas ni otros servicios que generen el efecto del aerosol.

Operado por la Fundación Arcora en colaboración con Seattle Children's Hospital.

### Novedades sobre la COVID-19

Para reducir la propagación de la COVID-19, el programa SmileMobile está implementando nuevas recomendaciones para el control de infecciones. Todos estos cambios y precauciones son para que usted, su familia y el equipo dental estén seguros y saludables.

Cuando llame para programar una cita, le harán **preguntas básicas de evaluación de salud** para asegurarse de que esté sano y listo para una cita.

Para mantenerlo a salvo, todas las áreas de SmileMobile se **limpiarán y desinfectarán con frecuencia, y también habrá desinfectante para manos a su disposición.** Se tomarán ciertas precauciones para respetar el **distanciamiento físico** y, cuando llegue, se le pedirá que espere en su automóvil hasta que le realicen el examen.

**Consulte el reverso del formulario para conocer los pasos a seguir en su cita.**

## The SmileMobile dental clinic is coming to...

the Long Beach Peninsula

May 24 - 27, 2021

### Location:

St. Mary Parish  
4700 Pacific Way - Seaview, WA

**Please call 888.286.9105 to schedule your dental appointment.**

The dental team will see babies, children, teens and pregnant/postpartum people on Apple Health or uninsured.

**At your appointment, we may do one or more of the following:**

- Dental examination
- Oral health education
- Fluoride varnish
- Sealants
- Simple extraction
- Temporary filling
- X-rays

Due to COVID-19, we will not be doing cleanings or other services that generate aerosols.

Operated by Arcora Foundation in partnership with Seattle Children's Hospital.

### COVID-19 Update

To reduce the spread of COVID-19, the SmileMobile program is implementing new recommendations for infection control. All these changes and precautions are to keep you, your family, and the dental team safe and healthy.

When you call for an appointment, you'll be asked **basic health screening questions** to make sure you are healthy and ready for an appointment.

To keep you safe, all areas of the SmileMobile will be **cleaned and disinfected frequently and hand sanitizer will also be available.** You will see certain precautions in place for **physical distancing** and when you arrive you will be asked to wait in your car until your exam.

**See back of form for steps to take at your appointment.**

If you have any other questions or need help scheduling you can contact Princess at [pkplus@co.pacific.wa.us](mailto:pkplus@co.pacific.wa.us) or at 360-642-9300 ext. 2644

# Restaurant Revitalization Fund

The American Rescue Plan Act established the Restaurant Revitalization Fund (RRF) to provide funding to help restaurants and other eligible businesses keep their doors open. This program will provide restaurants with funding equal to their pandemic-related revenue loss up to \$10 million per business and no more than \$5 million per physical location. Recipients are not required to repay the funding as long as funds are used for eligible uses no later than March 11, 2023.

More information:
