*This percent includes aggregate data from the Department of Defense and Department of Veterans Affairs and is higher than the DOH data dashboard.

Pacific County Requesting Public Comment on its Revised Hazard Mitigation Plan

The Pacific County Emergency Management Agency is finalizing its Hazard Mitigation Plan draft prior to submission to the Washington Emergency Management Division and FEMA for review and approval. The plan assesses natural hazards' risks and vulnerabilities to the county, its municipalities, school districts, and numerous other stakeholders. It provides recommendations to increase their hazard resiliency and reduce risk. In doing so, these actions aim to protect property and those who reside within the county.

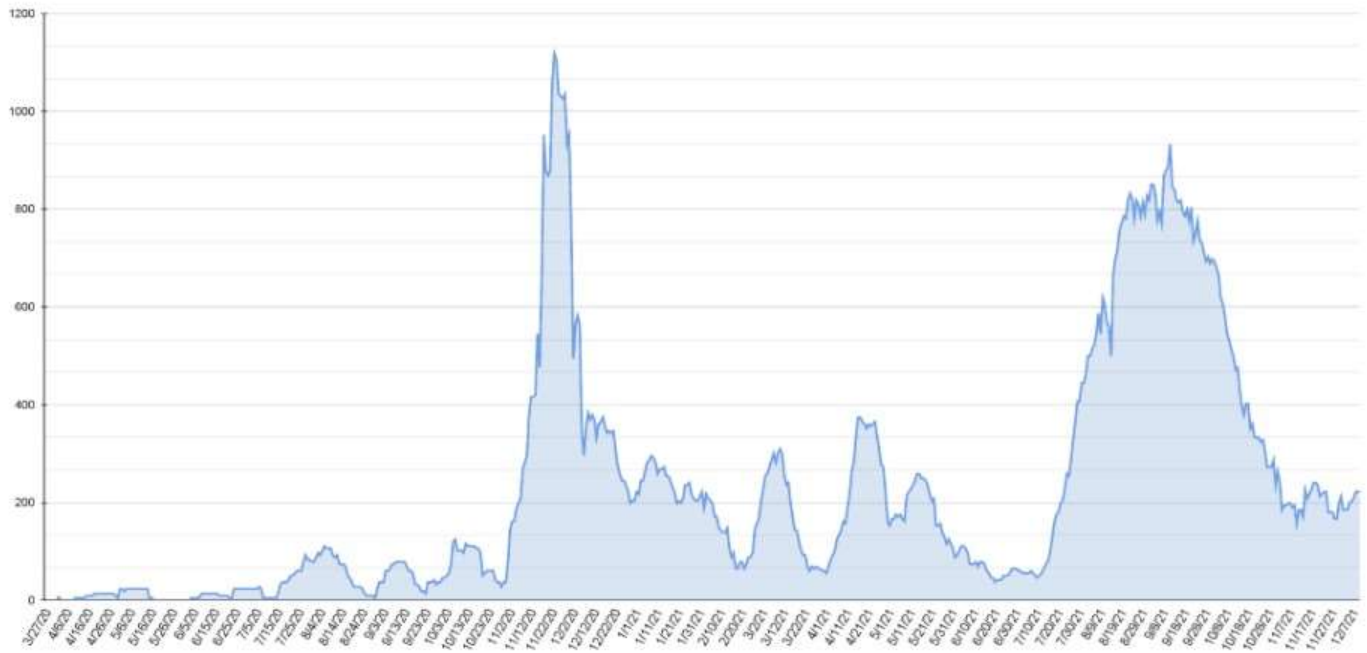

The draft plan will be available for questions and review for a two week period from December 8th to December 22nd via request. If you're interested in reviewing the plan, please contact Scott McDougall or Tony Gertz at smcdougall@co.pacific.wa.us or tony@tworiversem.com respectively. We invite you to take this two week period to review the draft plan, provide any input you may have, or ask any related questions. Please direct all inquiries to: tony@tworiversem.com.
